

Services & Pricing Board

Live rate card synced from Fixfy OS Services. Standard client charge, partner pay ceiling, and margin on every SKU. Generated 9 Jun 2026, 10:23 · 20 active services.

SINGLE SOURCE OF TRUTH

Same data as the Services tab

When ops updates a price in Services ' Manage or copies rates from Services ' Overview, this document reflects the same numbers. Categories: Trades · Certificates · Cleaning · Other.

HOW TO READ EVERY PRICE ROW

You charge the client (standard sell). You pay the partner (catalog ceiling — partner must not exceed this on standard jobs). You keep the margin (charge minus pay).

-  You pay — partner pay ceiling
-  You keep — margin (charge minus pay)
-  You charge — standard client price

ACCEPTABLE MARGIN PER JOB

40%+ healthy · 30–39% thin — double-check scope before quoting · <30% bad — escalate to manager. Never pay above the catalog ceiling without approval.

FLOOR & CEILING RULES

Floor: account sell cannot go below catalog standard. Ceiling: partner pay cannot go above catalog partner cost. Custom rates need a reason and manager sign-off.

Standard prices by category

Active services only — pay, charge and margin % on every line.

TRADES

Carpenter Includes a technician visit charged hourly. Most small issues are resolved within 2 hours.
